Categories: ARTIFICIAL BAITS

Product Description

An artificial in shrimp colors and not accidentally in this coloring since it is one of the most efficient colors! The artificial is 5 cm and 5 grams ideal for Light Rock Fishing (LRF). A sinking artificial minnow with enhanced sardines! Its name is "Broom" meaning broom and not by accident as it really takes out everything that is in the sea! An efficient artificial minnow for the LRF technique that you should definitely have in your tackle box!
