

# Bullzen Predator MJ 802 XF 20-60GR

The Bullzen Predator MJ is here a two-stem rod suitable for the Shore Jigging technique - ON SHORE - OFF SHORE! We are excited to introduce you to the new line of rods from Bullzen. The Predator was designed specifically for Shore Jigging planes fishing, and features an extremely strong blank with a 9kg strength, which can even cast more than the quoted 20-60 grams as a casting weight - we were able to comfortably cast 90 grams and work it to within an inch of its life. Features.
