Product Description

Eastern Hunter presents the top of the line 8 strand yarn weave, made from Spectra fiber from Japan. **Sophisticated Knitting for an Unique Experience:** Eastern Hunter has created an exceptional 8 strand knit using Spectra fiber from Japan. The result is a yarn with high tenacity and knitting strength while maintaining a flawless finish. This advanced technology creates an extremely fine yarn that provides excellent fishing performance. **For the Demanding Fisherman:** Originally designed for anglers facing tropical coral reefs and volcanic bottoms, Eastern Hunter yarn is an automatic choice for creating a durable, high-quality yarn. Its resistance to damage is impressive, making it ideal for fishing in extreme conditions. **Comes with a Competitive Price:** All of our yarns are offered in 300 meter lengths, ensuring a sufficient volume for any fishing adventure. All this with a very competitive price that reflects the value and performance offered by Eastern Hunter . Choose Eastern Hunter lines for a fishing experience that exceeds expectations. Explore our collection today and ensure the ultimate partnership with your most trusted fishing partner.
