Product Description

The Rotan 664 is a travel HRF rod by Relix Nusantara is a travel ML (Medium light) rod that really solves our hands for those of us who travel by plane and beyond. And here the Relix company has this wonderful suggestion by providing a specialized HRF huge-bladed rod . Its features are as follows: 4 stems with 9 Fuji guides 2.00m high and only 130 grams of weight . The Lure WT of the rod is 3-14 grams. The action is Fast suitable for minnows and planes. A fantastic and quality offering from Relix as there is a huge shortage of Travel rods on the market.
