Product Description

The Bigga Magic is the larger version of the Lil' Magic, retaining all of its magical features in a 70mm length. Perfect when you want to offer a larger lure or fish with larger lead heads. With the longer length, the hook/body ratio is reduced, making the Bigga Magic even more versatile and flexible than its smaller version. You'll love the Bigga Magic for even more fishing magic! Suitable for Aji techniques for cokes , safaris and more!

Usage Tips

All the tips for Lil' Magic apply to Bigga Magic as well. It just increases the range of weights, working well with heads up to 7g and remaining effective with light heads from 1.5g when needed.
